06/16/2023		American Honda Motor Co.	**Manufacturer Safety-related recall issued** - NHTSA #23V-431 - Recall #ZEM 2019-23 Passport/Pilot MOST FAKRA Service Cables Safety Recall - Status: Remedy Available Locate an authorized Honda dealer to obtain more information about this recall **Learn more about this recall**

Description: American Honda Motor Co., Inc. (Honda) is recalling certain 2019-2022 model year Pilot and 2019-2023 model year Passport vehicles. The Media Oriented Systems Transport (MOST) communication coaxial cable was improperly designed and manufactured, resulting in deformed terminals and potentially causing poor, or lost, connections intermittently between the audio display unit and the vehicle cable connector.

If the MOST communication is lost for more than 20 seconds, the rearview camera function will fail when the vehicle is in the reverse gear, increasing the risk of a crash or injury.

Remedy: Registered owners of all affected vehicles will be contacted by mail and asked to take their vehicle to an authorized Honda dealer. The dealer will install an improved MOST cable harness between the existing display audio and vehicle terminal connections and a straightening cover over the vehicle cable connector to properly connect the audio display unit. Owners who have paid to have these repairs completed at their own expense may be eligible for reimbursement, in accord with the recall reimbursement plan on file with NHTSA. For additional questions, owners may contact American Honda's Customer Support & Campaign Center at 1-888-234-2138.

Glossary

First Owner
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall
Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
